This assignment includes problems related to analysis of two-way categorical data, analysis of variance, and a couple review problems.

1. Exercise 10.38 (page 420). (The command `phyper` may be used for this problem. See example in class.)

2. Exercise 10.44 (page 425).

3. Exercise 10.52 (page 432).

4. Exercise 10.68 (page 447).

5. Exercise 11.1 (page 466).

6. Exercise 11.4 (page 467).

7. Exercise 6.58 (page 222).

8. Exercises 7.86 and 7.87 (page 310).
